We care about you and your family’s well-being. In response to the novel coronavirus (COVID-19) pandemic, Viva Health has worked to provide members easy access to appropriate testing and health care during this difficult time. Effective Friday, March 13, 2020:

- **Testing.** 100% coverage of federally or state-approved lab testing on all Viva Health plans when medically appropriate. No deductible, copayment, or coinsurance will apply to the lab test or to an in-network office visit, urgent care center visit, or emergency department visit related to COVID-19 testing. Testing for college students for a return to school/enrollment requirement or for ongoing campus surveillance is covered under a different program, not your Viva Health plan. Students attending college in Alabama can receive return to school/enrollment testing for free through the GuideSafe program, with 13 testing sites across the state. For more information, visit www.guidesafe.org. College students attending schools outside of Alabama should contact their colleges about their testing programs.

- **Telehealth.** Viva Health is waiving member cost-sharing for telehealth services from in-network providers for many Commercial members through September 30. Effective April 13 for UAB health plans and effective October 1 for all other Viva Health plans, telehealth is covered at 100% for COVID-related visits and with applicable plan cost-sharing for all other diagnoses. Some employer plans also include telehealth visits through Teladoc or other vendors. Members with this Teladoc coverage through Viva Health can also access this benefit with the plan’s applicable copayment.

- **Treatment.** If a member requires hospitalization for the treatment of COVID-19, inpatient hospital treatment will be covered at 100% on all Viva Health fully-insured plans through December 31, 2020. Employers with self-funded plans administered by Viva Health may still apply cost-sharing to hospital admissions. Please check with your employer or call Viva Health’s Customer Service with questions. Our hours are 8 a.m. - 5 p.m., Monday - Friday.
