

Dear UAB Employee,

At VIVA HEALTH, we are proud to provide UAB employees and their families with comprehensive health insurance benefits, outstanding value, and knowledgeable providers. Since 1995, we have grown to be one of the largest health plans in the state of Alabama, and the largest health plan for UAB employees. We believe this is a direct result of listening to our members and ensuring we deliver high quality, convenient care when it is needed most.

VIVA Choice will continue to cover preventive services at 100%. For a detailed list of the preventive services covered at no charge, please refer to the supplemental wellness benefits bulletin included in this guidebook. In addition, VIVA Choice will cover certain smoking cessation drugs and products at 100% to support the UAB Wellness smoking cessation initiative.

If you are a current member of a UAB health plan sponsored by VIVA HEALTH, we hope we have earned your trust and you remain a valued member. VIVA Choice provides you access to VIVA HEALTH'S entire network of doctors and hospitals. Your cost-sharing percentage is the same, regardless of where you receive care.

If you have any questions, we invite you to contact our customer service department Monday through Friday from 8 AM to 5 PM at (205) 558-7474, toll-free at (800) 294-7780 (TTY 711), or by email at VivaMemberHelp@uabmc.edu. You will also find valuable information on our website at vivahealth.com/uab. You can also download the Viva Health Mobile App to view your claims status, view a digital ID card, and request electronic EOBs.

We look forward to caring for you in 2026.

Brad Rollow

Sincerely,

Brad Rollow CEO/President

Your Consumer-Driven Health Plan (CDHP)

Your enrollment in the VIVA Choice Consumer-Driven Health Plan (CDHP) gives you control over how you choose to spend your money on your health care. The difference between a traditional health plan and the VIVA Choice CDHP is that in exchange for meeting a higher combined medical and Rx deductible, you will have lower monthly premiums. The money you save from having low monthly premiums can start to add up quickly. The CDHP, VIVA Choice, is paired with a Health Savings Account (HSA) that enables you to set aside pre-tax dollars via payroll or after-tax dollars to pay for qualified, out-of-pocket expenses.

What is a health savings account (HSA) and how does it work?

An HSA is a savings account that is available when you enroll in a CDHP. HSAs give you control and oversight on how you choose to spend your health care dollars. Funds distributed into an HSA for use with this health plan, up to the annual contribution limit, are tax-deductible and funds in an HSA grow tax-free. You can withdraw funds from your HSA to pay for qualified medical expenses, like deductibles and coinsurance, without penalty. Much like a regular checking or savings account, your HSA comes with a debit card you can use to help pay for eligible health care expenses. Inspira is the administrator for your HSA account. You can contact them at 1-844-729-3539, and more information can be found later in this guidebook.

When can I use my HSA card?

You can use your HSA card to pay for a variety of health care expenses like prescriptions and doctors' visits. See below for a list of common eligible expenses payable by your HSA card.

Common eligible health care expenses:

- · Hearing aids
- Orthopedic goods
- Dentist visits
- Orthodontia
- Osteopathic fees

- · Medical, Vision, Dental, and Prescription copayments and coinsurance
- Prescription eyeglasses
- Reading glasses

- Oxygen
- Contact Lenses
- Breastfeeding Supplies
- Vasectomy
- Vision Correction surgery

Who can use my HSA account?

The IRS allows you to use your HSA account to pay for eligible healthcare expenses for your spouse, children or anyone who is listed as a dependent on your tax return.

How does the deductible apply?

You must meet the calendar year deductible before coinsurance coverage applies. Until the deductible is met, you will pay 100% of the costs, except for certain preventive services covered at no cost to you. After the deductible is met, you will pay 10% of the cost of covered services until the out-of-pocket maximum is met.

If you are on an individual plan, you only need to meet the individual deductible before coinsurance coverage applies.

However, under IRS rules, if you are on a family plan, the overall family deductible must be met before coinsurance coverage applies for any covered family member. This is regardless of whether any individual family member on the plan has met the individual deductible amount. Once the family deductible has been met, calculated aggregately from eligible expenses paid by all family members, coinsurance coverage applies to all members of the family covered under the plan. Note: Coinsurance coverage will apply to all family members covered under the plan even if one of more covered members paid nothing toward the deductible, as long as what has collectively been paid by all members of the family amounts to the family deductible.

The Plan's services and benefits, with their coinsurance, and some of the limitations, are listed below. This is only a brief listing. For further information, plan guidelines, and exclusions, please see the Certificate of Coverage. This health plan is part of a consumer-driven health plan that pairs the health plan benefits with a health savings account (HSA). Funds distributed into an HSA for use with this health plan, up to the annual contribution limit, are tax-deductible and funds in an HSA grow tax-free. You can withdraw funds from your HSA to pay for qualified medical expenses, like deductibles and coinsurance, without penalty. To be eligible for an HSA you must be covered under a high deductible health plan, among other requirements set forth by the IRS.

Remember:

Emergency and urgent care coverage is available worldwide.

If you are outside the service area and have an urgent and unforeseen need for care that can't wait until you return home, you are covered. This includes care in a physician's office for an unexpected illness or injury that would not be classified as an emergency, but does require immediate attention. Care in an emergency room is only covered for treatment of emergency medical conditions. Of course, this does not include routine or elective medical services, and you must return to the service area for any follow-up care. Still, if you're on a weekend trip or extended vacation, you can relax knowing that you are covered.
