

NOTICE OF HEALTH INFORMATION PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

WHO WILL FOLLOW THIS NOTICE

This Notice describes the health information practices of Triton Health Systems, L.L.C. and each of its covered subsidiaries including but not limited to VIVA HEALTH, Inc. and VIVA HEALTH Administration L.L.C. (collectively referred to hereafter as "VIVA HEALTH"). This Notice also describes the health information practices of group health plans (GHPs) that participate in an Organized Health Care Arrangement (OHCA) with VIVA HEALTH, if applicable. All entities, sites, and locations of VIVA HEALTH and the group health plan(s) in the OHCA (if applicable) follow the terms of this Notice which may be updated from time to time. In addition, these entities, sites and locations may share health information with each other for the purposes of treatment, payment, or health care operations as described below.

OUR PLEDGE REGARDING HEALTH INFORMATION

We understand that information about you is personal, and we are committed to protecting your health information. We keep a membership record of your enrollment in our plan. We also maintain records of decisions and payments we've made related to health care services you or your treating providers have requested to be covered by the plan.

This Notice describes the ways in which we may use and disclose your health information and explains your rights and our legal obligations regarding the use and disclosure of your health information. We are required by law to:

- Make sure that health information that identifies you is kept private;
- Provide you with this Notice describing our legal duties and privacy practices with respect to your health information;
- Notify you in the case of a breach of your identifiable health information; and
- Follow the terms of the Notice currently in effect.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

The following categories describe some of the ways that we will use and disclose your health information. Not every use or disclosure in a category will be listed. However, all the ways we are permitted to use and disclose your information will fall within one of the categories.

- **Treatment and Treatment Alternatives.** We use and disclose your health information to help your doctors and other health care providers coordinate or arrange your health treatment or care. For example, VIVA HEALTH may notify a doctor that you have not received a covered preventive health screening that is recommended by a national institute or authoritative agency, or we may alert your doctor that you are taking prescription drugs that could cause adverse reactions or interactions with other drugs. In addition, VIVA HEALTH may help your health care provider coordinate or arrange health services that you need or help your health care provider find a safer prescription drug alternative. We may disclose your health information to individuals outside VIVA HEALTH, and the OHCA's (if applicable), who may be involved in your health care, such as your family members or close friends. We may use and disclose your health information to tell you about health-related benefits or services that may be of interest to you.
- **Health Information Exchanges (HIEs).** We may participate in certain health information exchanges (HIEs) that allow us to securely share your electronic health information for treatment, payment, or health care operations purposes, as permitted by law, with other health care providers or entities who share in the HIE. Our participation in these exchanges helps improve the quality and coordination of care you receive. For a list of these exchanges, you may contact the VIVA HEALTH Privacy Officer for details (see contact information later

in this Notice). You may choose not to have your electronic health information included in these exchanges by submitting a written request on the required form to the Privacy Officer. Even if you opt-out, we may still share information when required by law or as necessary to report certain public health information as described below.

- **Payment.** We may use and disclose your health information for payment purposes. Examples of payment include, but are not limited to:
- Obtaining plan premiums;
 - Determining or fulfilling our responsibility for coverage of benefits (or the provision of benefits);
 - Processing claims filed by providers who have treated you;
 - Reviewing health care services to determine medical necessity, provision of coverage, or justification of charges;
 - Coordinating benefits with other health plans (payers), both within and outside of the OHCA (if applicable), that provide coverage for you;
 - Pursuing recoveries from third parties (subrogation); and
 - Providing eligibility information to health care providers.

We will share only the information necessary for the payment purpose.

- **Health Care Operations.** We may use and disclose your health information for our routine health care operations. These uses and disclosures are necessary for VIVA HEALTH, and the group health plan (GHP) in the OHCA (if applicable), to operate and make sure that all our members receive quality care. We may also combine health information about many of our members to decide what additional services or benefits we should offer and what services or benefits are not needed. Examples of health care operations include, but are not limited to:
- Conducting quality assessment and improvement activities;
 - Conducting population-based activities relating to improving health or reducing health care costs;
 - Engaging in care coordination or case management;
 - Detecting fraud, waste or abuse;
 - Providing customer service;
 - Business management and general administrative activities related to our organization and the services we provide, or to the group health plan (GHP) in the OHCA (if applicable); and
 - Underwriting, premium rating, or other activities relating to the issuing, renewal or replacement of a Group Health Policy. **Note: We will not use or disclose genetic information about you for underwriting purposes.**

We may also share your health information for certain health care operations of another covered entity. For example, if you receive benefits through a GHP, we may disclose your health information to other health plans or their business associates that are involved in administering your GHP benefits.

- **Organized Health Care Arrangements (OHCAs).** We participate in OHCAs with some of our network providers and group health plans (GHPs). The entities of the OHCA may share in the cost of your health care and may work together to assess the quality of health care you receive. The entities of the OHCA may also use or disclose your health information for treatment, payment, or health care operation purposes (described above) relating to the OHCA's joint activities. In the OHCAs with our network providers, VIVA HEALTH and the network providers work jointly to help coordinate the medically necessary care you need in the most appropriate care setting and better address your health care needs.

In the OHCAs with our GHPs, sharing your eligibility and health information with a GHP, or the GHP's Business Associate, allows the GHP or its Business Associate to administer benefits that are offered to you through an employer-sponsored plan or GHP. Whenever we disclose your health information to GHPs, they must follow applicable laws governing the use and disclosure of your health information, including, but not limited to, the applicable privacy and security rules under the Health Insurance Portability and Accountability Act (HIPAA). For purposes of OHCAs between VIVA HEALTH and GHPs, this Notice constitutes a joint notice of privacy practices, issued in accordance with 45 C.F.R. §164.520(d).

- **Substance Use Disorder (SUD) Records.** If we receive records related to substance use disorder treatment (“SUD records”) that are subject to 42 C.F.R. Part 2 (“Part 2”), those records are protected by special federal confidentiality rules in addition to HIPAA which are described below. Where the requirements of Part 2 are more restrictive than HIPAA, we will follow the more restrictive Part 2 requirements. All other provisions of this Notice apply to SUD records to the extent they do not conflict with Part 2.

Your Rights and Protections Under Part 2

- **Enhanced confidentiality.** SUD records and any testimony or content from such records may not be used or disclosed in any civil, criminal, administrative, or legislative proceedings against you unless one of the following occurs:
 1. You provide a written consent specifically authorizing the use or disclosure for that purpose, in accordance with Part 2; or
 2. A court order is issued after you have been given notice and an opportunity to be heard, and the court order is accompanied by a subpoena or other legal process compelling disclosure, as required under Part 2.
- **Limitation on redisclosure.** If we or a permitted recipient disclose your SUD records under a Part 2-compliant consent for treatment, payment, or health care operations, that recipient (if a covered entity or business associate) may only redisclose those records consistent with the HIPAA rules *and* the limitations imposed by Part 2 (i.e., not for legal proceedings against you absent separate consent or court order).
- **Right to request restrictions.** You may request that we restrict certain uses or disclosures of your SUD records for treatment, payment, or health care operations consistent with Part 2 and HIPAA. We are not obligated to agree to every request, but if Part 2 grants you the right to restrict such uses or disclosures, we will follow the restriction (unless otherwise required by law).
- **Right to an accounting of disclosures.** You have the right to receive an accounting of certain disclosures of your SUD records made in the past three years, to the extent required by Part 2.
- **Right to file a complaint.** You may file a complaint with us or with the Secretary of Health and Human Services if you believe your Part 2 confidentiality rights have been violated. We will not retaliate against you for filing a complaint.

How to Exercise These Rights

To request any of the above, or for more information, please contact the Privacy Officer using the information provided below. We will provide you with a written response in accordance with applicable law and within required timeframes.

- **Individuals Involved in Your Care or Payment for Your Care.** We may release your health information to the eligible person who enrolled you on the plan (“Subscriber”), a friend or family member who is involved in your health care or payment for your medical care, and to your personal representative(s) appointed by you or designated by applicable law. We may also share a minor dependent’s health information with the Subscriber or other parent/guardian on the same policy as the Subscriber, if applicable, unless such disclosure is prohibited by law or in certain situations where we are permitted by federal and state law to decide whether to disclose based on the minor’s best interests. In addition, we may disclose your health information to an entity assisting in a disaster relief effort so that your family or others responsible for your care can be notified about your status and location. You have the right to request that we not disclose your health information to your friends or family members. We will consider your request and honor it, when possible, unless disclosure is otherwise permitted or required by law, such as when you are unable to agree or object and we determine that disclosure is in your best interest.
- **Health-Related Benefit and Service Reminders.** We may use and disclose health information to contact you and remind you to talk to your doctor about certain covered health screenings or preventive services or to tell you about health-related benefits or services that may be of interest to you. We may contact you by mail, telephone, text, or email or through the member portal or member application. For example, we may leave a voice message or send a text message to you at the telephone number you provide or mail you information about health products that may be of interest to you. We will not send you communications that constitute

marketing under the HIPAA Privacy Rule without your written authorization, except as permitted by law (for example, face-to-face communications or promotional gifts of nominal value).

- **Research.** We may use and disclose your health information for medical research. All research studies must go through a special review process required by law that protects patient privacy, such as review and approval by an Institutional Review Board or Privacy Board. While most research studies require specific patient consent, there are some instances where patient authorization is not required. For example, when the research involves reviewing patient records to compare the outcomes of different treatments for the same condition, without contacting the patients directly. Some research may also use health information that has been de-identified or provided as a limited data set that does not directly identify you.
- **Certain Marketing Activities.** We may use health information about you to provide promotional gifts of nominal value, to communicate with you about services offered by VIVA HEALTH, to communicate with you about case management and care coordination, and to communicate with you about treatment alternatives. These communications are permitted under federal law and do not require your written authorization. We will not use or disclose your health information for other marketing purposes without your written authorization. We do not sell your health information to any third party for their marketing activities unless you sign an authorization allowing us to do this.
- **Business Associates.** There are some benefits and services we provide through contracts with Business Associates. Examples include a copy service we use when making copies of your health information, consultants, accountants, lawyers, and subrogation companies. When these services are contracted, we may disclose your health information to our Business Associate so that they can perform the job we've asked them to do. We require the Business Associate to appropriately safeguard your information.
- **Plan Sponsor of Group Health Plan (GHP).** We may disclose, in summary form, your claim history and other similar information to your Plan Sponsor that has a Group Health Policy with VIVA HEALTH, if applicable. Such summary information does not contain your name or other distinguishing characteristics. We may also disclose to the Plan Sponsor the fact that you are enrolled in, or disenrolled from, VIVA HEALTH. We may disclose your health information to the Plan Sponsor for administrative functions that the Plan Sponsor provides to VIVA HEALTH (for example, if the Plan Sponsor assists its members in resolving complaints) if the Plan Sponsor agrees in writing to ensure the continuing confidentiality and security of your protected health information. The Plan Sponsor must also agree not to use or disclose your protected health information for employment-related activities.
- **As Required By Law.** We will disclose your health information when required to do so by federal, state or local law.
- **Public Health Activities.** We may disclose health information about you to public health or authorities authorized by law to prevent or control disease, injury, or disability.
- **Food and Drug Administration (FDA).** We may disclose health information to the FDA or to manufacturers subject to FDA regulations when necessary to report adverse events related to food, dietary supplements or products; to conduct post-marketing surveillance; or to enable product recalls, repairs, or replacements.
- **Victims of Abuse, Neglect or Domestic Violence.** We may disclose health information about you to public health or social service agencies or other government authorities that are authorized by law to receive reports of abuse, neglect, or domestic violence. For example, we are required to report suspected cases of child abuse or neglect, and in some circumstances, elder and domestic abuse or neglect to the appropriate State of Alabama authorities. We will make these disclosures only to the extent required or permitted by law.
- **Health Oversight Activities.** We may disclose health information to a health oversight agency for activities authorized by law. These oversight activities include, for example, audits, investigations, licensure, and inspections. These activities allow the government to monitor the health care system, government programs, and compliance with civil rights laws.

- **Lawsuits and Disputes.** If you are involved in a lawsuit or other legal dispute, we may disclose your health information in response to a court or administrative order. We may also disclose your health information in response to a subpoena, discovery request, or other lawful process from someone involved in the dispute, but only if efforts have been made to notify you about the request or to obtain an order protecting the information requested. We may disclose your health information for judicial or administrative proceedings, as permitted or required by law.
- **Law Enforcement.** We may release health information for law enforcement purposes as permitted or required by law. These purposes include responding to a court order, warrant, subpoena, summons, or other lawful process; identifying or locating a suspect fugitive, material witness, or missing person; reporting information about a victim of a crime in limited circumstances; reporting a death that may have resulted from criminal conduct; or for reporting suspected crimes on our premises.
- **Coroners, Medical Examiners and Funeral Directors.** We may release health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death.
- **Organ and Tissue Donation.** If you are an organ, tissue or eye donor or recipient, we may use or release your health information to organizations that manage organ, tissue and eye procurement, banking, transportation, and transplantation.
- **To Avert a Serious Threat to Health or Safety.** We may use and disclose your health information when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person. Any disclosure, however, would only be to someone able to help prevent the threat.
- **Military and Veterans.** If you are a member of the U.S. Armed Forces, we may disclose health information about you as required or authorized by military command authorities. We may also disclose health information about foreign military personnel to the appropriate foreign military authority. We may disclose health information to the U.S. Department of Veterans Affairs to determine eligibility for benefits or to coordinate care, if applicable.
- **National Security and Intelligence Activities.** We may release your health information to authorized federal officials for intelligence, counterintelligence, and other national security activities authorized by law.
- **Protective Services for the President and Others.** We may disclose your health information to authorized federal officials so they may provide protection to the President, other authorized persons or foreign heads of state or conduct special investigations.
- **Workers' Compensation.** We may disclose your health information as authorized by law for workers' compensation or similar programs that provide benefits for work-related injuries or illnesses. These disclosures will be limited to health information related to such work-related injuries or illnesses as required by applicable law.
- **Inmates or Individuals in Custody.** If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may release your health information to the correctional institution or law enforcement official for your health or for the health and safety of other individuals.
- **Other uses and disclosures.** We will obtain your written authorization to use or disclose your psychotherapy notes (other than for limited uses or disclosures permitted by law without your authorization); to use or disclose your health information for marketing activities not described above; and prior to selling your health information to any third party. Note that psychotherapy notes are the personal notes of a mental health professional that document or analyze the contents of a counseling session and are kept separate from the rest of your medical record. Routine mental health information – such as your diagnosis, medications, treatment plan, session times, or progress notes – is part of your regular medical record and is not considered psychotherapy notes under federal law. Any other use and disclosures not described in this Notice will be made only with your written authorization.

- **Special Note.** Once your health information is disclosed for permitted purposes or according to your request, it may be subject to redisclosure and no longer protected by federal regulations.

YOUR RIGHTS REGARDING HEALTH INFORMATION ABOUT YOU

You have the following rights regarding health information VIVA HEALTH maintains about you. For information on the application of these rights to health information maintained by your GHP (if applicable), please contact your GHP's Privacy Officer.

- **Right to Inspect and Obtain a Copy.** You have the right to inspect and obtain a copy of your health information maintained by VIVA HEALTH except in limited circumstances. Enrollment, payment, claims processing, case/care management and medical management records held by VIVA HEALTH are included in this right, but not psychotherapy notes, information compiled for use in a legal proceeding, and certain research records while the research is ongoing. We may deny your request if a licensed health care professional determines that access is reasonably likely to endanger your life or physical safety, or that of another person.

Additionally, we are prohibited by law from knowingly engaging in Information Blocking. We will not engage in any practice that is likely to interfere with, prevent, or discourage your access, exchange, or use of your electronic health information.

To inspect or obtain a copy of your health information held by VIVA HEALTH, submit a written request to VIVA HEALTH'S Privacy Officer (see contact information later in this Notice). If you request a paper or electronic copy of the information, we may charge a reasonable, cost-based fee for copying, mailing or other supplies associated with your request.

In certain limited circumstances, we may deny your request to inspect and obtain a copy of your health information. If your request is denied, you will receive a written notice explaining the reason for the denial and how to request a review by another licensed health care professional, when applicable.

- **Right to Amend.** If you feel that the health information we have about you is incorrect or incomplete, you have the right to request an amendment. You may request an amendment for as long as the information is maintained by or for VIVA HEALTH.

Your request for amendment must be made in writing on the required form, identify the specific records you wish to amend, explain why you believe the information is incorrect or incomplete, and be submitted to VIVA HEALTH'S Privacy Officer (see contact information later in this Notice).

We may deny your request for amendment in certain limited circumstances. If we deny your request, we will provide a written explanation of the reason for the denial and describe your options, including your right to submit a written statement of disagreement or to have your request included with your record.

- **Right to an Accounting of Disclosures.** You have the right to request an "accounting of disclosures" which is a list of certain disclosures of your health information that we made to others without your written authorization. The accounting includes disclosures such as those made in response to a court order, subpoena or to a public health authority but does not include disclosures exempted by law. For example, an accounting of disclosures does not include disclosures for treatment, payment, or health care operations purposes.

The right to an accounting applies only to disclosures, not to internal uses or routine access to your electronic health record. You are not entitled to receive a list of the individual staff members, health care providers, or other personnel who have viewed or used your health record for purposes of treatment, payment, or health care operations. These internal uses are permitted under law and are not part of the accounting of disclosures.

To request an accounting of disclosures, you must submit your request in writing on the required form to VIVA HEALTH'S Privacy Officer (see contact information later in this Notice). Your request must specify a time period that may not be longer than six years before the date of your request and should indicate the format in

which you would like the list (for example, on paper or electronically). The first accounting you request within a 12-month period will be provided at no charge. For additional lists, we may charge you for the cost before the list is prepared, and you may choose to withdraw or modify your request to reduce or avoid the fee.

- **Right to Request Restrictions.** You have the right to request that we restrict or limit how we use or disclose your health information for treatment, payment, or health care operations. You also have the right to request a limit on your health information we disclose to someone who is involved in your care or the payment for your care, like a family member or friend. For example, you could ask that we not use or disclose information about a surgery you had.

We are not required to agree to your request in most circumstances. However, we must agree to your request if you ask us not to disclose your information to family members or friends involved in your care or payment for your care. If we do agree to your request, we will comply with your request unless the information is needed to provide you with emergency treatment or we are required by law to disclose it. If we deny your request, we will tell you why and explain your options.

To request a restriction, you must submit your request in writing on the required form to VIVA HEALTH's Privacy Officer (see contact information later in this Notice). Your request must specify (1) what information you want to limit; (2) whether you want to limit our use, disclosure or both; and (3) to whom the limits should apply, for example, disclosures to a family member.

- **Right to Request Confidential Communications.** You have the right to request that we communicate with you about health matters in a certain way or at a certain location. For example, you may ask that we contact you at work only, by mail, or at a certain address or telephone number.

To request confidential communications, you must make your request in writing on the required form to VIVA HEALTH's Privacy Officer (see contact information later in this Notice) and specify how or where you wish to be contacted. We will not ask you the reason for your request and we will accommodate all reasonable requests. We will always accommodate a request if you state that the disclosure of all or part of your health information could endanger you.

- **Right to Revoke Authorization.** You have the right to revoke, in writing, any authorization you have provided to use or disclose your health information except to the extent that action has already been taken in reliance on your authorization. To revoke an authorization, you must submit your written request to VIVA HEALTH's Privacy Officer (see contact information later in this Notice). Please note that we cannot retract any disclosures we have already made based on your authorization before it was revoked.
- **Right to a Paper Copy of This Notice.** You have the right to a paper copy of this Notice. You may ask us to give you a copy of this Notice at any time. Even if you have agreed to receive this Notice electronically, you are still entitled to a paper copy.

You may obtain a copy of this Notice on our website, www.vivahealth.com or by calling VIVA HEALTH's Customer/Member Services Department (phone numbers are listed on your health plan ID card).

YOUR RESPONSIBILITIES FOR PROTECTING HEALTH INFORMATION

As a member of VIVA HEALTH, you are expected to help us safeguard your health information. For example, you are responsible for letting us know if you have a change in your address, email or phone number. You are also responsible for keeping your health plan ID card safe. If you have on-line access to Plan information, you are responsible for establishing a password and protecting it. If you suspect someone has tried to access your records or those of another member without approval, you are responsible for letting us know as soon as possible so we can work with you to determine if additional precautions are needed.

CHANGES TO THIS NOTICE

We reserve the right to change the terms of this Notice at any time. Any revised Notice will apply to health information we already have about you as well as any information we receive in the future. If we make a material

change to this Notice, the updated Notice will be distributed to all Subscribers covered by VIVA HEALTH, either by your Plan Sponsor (if applicable) or by VIVA HEALTH, and will be posted on our website at www.vivahealth.com.

FOR MORE INFORMATION OR TO REPORT A PROBLEM OR COMPLAINT

If you have questions and would like additional information, you may contact VIVA HEALTH's Privacy Officer (see contact information below). If you believe your privacy rights have been violated, you may file a complaint with VIVA HEALTH, with your GHP (if applicable), or with the U.S. Department of Health and Human Services Office for Civil Rights. To file a complaint with VIVA HEALTH, contact VIVA HEALTH's Privacy Officer (see contact information below). All complaints must be submitted in writing. **You will not be penalized or retaliated against for filing a complaint.**

NOTICE EFFECTIVE DATE: The effective date of the Notice is April 14, 2003, and was last amended February 16, 2026.

VIVA HEALTH PRIVACY OFFICER – CONTACT INFORMATION

Address: VIVA HEALTH

Attention: Privacy Officer

417 20th Street North

Suite 1100

Birmingham, AL 35203

Email: vivamemberhelp@uabmc.edu

Phone: 1-800-294-7780 (TTY users, please call the Alabama Relay Service at 711)

VIVA HEALTH's normal business hours are from 8 a.m. to 5 p.m., Monday through Friday.

VIVA HEALTH NOTICE OF FINANCIAL INFORMATION PRACTICES

VIVA HEALTH is committed to maintaining the confidentiality of your personal financial information. We may collect and disclose non-public financial information about you to assist in providing your health care coverage or to help you apply for financial assistance from federal and state programs. Examples of personal financial information may include your:

- Name, address, phone number (if not available from a public source)
- Date of birth
- Social security number
- Income and assets
- Premium payment history
- Bank routing/draft information (for the collection of premiums)
- Credit/debit card information (for the collection of premiums)

We do not disclose personal financial information about you (or former members) to any third party unless required or permitted by law.

We maintain physical, technical and administrative safeguards that comply with federal standards to guard your personal financial information.
