This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.vivahealth.com/Group/Login. Important Questions	Answers	Why This Matters:
What is the overall deductible?	$250/individual or $750/family (UAB Network); $1,000/individual or $2,000/family (VIVA Network)	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$4,000/individual or $8,000/family (UAB Network); $7,500/individual or $15,000/family (VIVA Network). For maternity hospitalization: $1,500 per calendar year.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, and out-of-network expenses for non-emergency and non-urgent services. Certain specialty drugs are considered non-essential health benefits and are not applied to the out-of-pocket limit. The cost of these drugs (reimbursed by the manufacturer at no cost to you) will not be applied toward satisfying your out-of-pocket limit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.myvivaprovider.com or call 1-800-294-7780 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
